

They used to hate him cause they could
He was fragile and weak and treated like a girl
He learned to hate the same tormented child
And only strong enough to beat him inside
now he repeats the same twisted hate
Screaming at the mainstream
Saying they cannot relate
Not even believing in Satan as much as needing an ally
Just creating an anti-myth to hide behind
Amazing how he was beaten for being weak
Now he's accepted for being a freak
Just another image on my TV
It's safer to love that fantasy
