

Those who cannot accept  
Are not worthy of explanation  
They may listen  
But will not absorb  
Those who push your buttons  
Are not as dumb as they play  
As weak as your reaction  
Those who are constantly talking  
Substitute chatter for action  
Learn to not believe them  
They know not what they say  
Those who truly love you  
Certainly love themselves  
A loving mind runs free  
Truth will always cleanse your soul  
Giving will make you complete
